April 15, 1927.

Mr. Miles Collier,
Colbert, Ga.

Dear Mr. Collier:

I have your letter of April 11th, and I thank you for your very prompt reply.

The Court of Arms appearing on my letter head is the original Court of Arms from England, and I herewith enclose you a copy, an explanation of the emblematical meanings of the various characters contained in same.

If Miles Collier of Everglades, Florida is related to Charles H. Collier of Richmond, Virginia, who is residing at Everglades, Florida, then he is a member of the same collateral branch. Charles H. Collier recently moved from Richmond, Va. to Everglades and is connected with a development of Byron G. Collier, the advertising man, who also belongs to the same colateral branch that descended from Isaac Collier who came to America about 1625.

Shortly I expect to come over to Lexington and also to Greensboro with the view of getting up all the data possible in connection with the family of Vines Collier who came to Georgia from Virginia in 1786.

I would like for you to send me the post office address of the other Colliers that you may be acquainted with in North-east Georgia that are as much as 60 years old or more in order that I may arrange to get some data of their families from them.

Can you give me any information as to what became of the descendants of Elizabeth Collier, who married Rev. Thomas Dunn, a Methodist preacher, who was born in 1761 and died in 1840.

Do you know what became of Sarah Smith's descendants? She married Harrison King Smith in 1804. About 30 years ago I think there was a grocery salesman that used to sell my father merchandise that was a descendant of Harrison King Smith. He traveled out of Atlanta, but my father has been dead since 1908.

I have a complete line of Isaac's descendants, and also Anne Collier's descendants, who married John Hardeman.

Can you tell me more about Thomas who lived in Columbia County, and also John who married Patsy Gresham, daughter of Edward Powell? You have given me a line of William's descendants, and I already have a line of Benjamin's descendants who went to Early County. Williamson's descendants are living here around Barnesville. I belong to Robert's descendants, who is No. 12. Cuthbert's descendants are living in this section, and also Mary Collier's descendants, who is No. 1, are living in this section.

You know that working out a genealogy almost runs a person crazy, so kindly give me the information as best you can. If you do not object, you might write your reply on the back of this letter, as I am enclosing you a copy.

As you seem to be much interested, I am sending you a copy of the genealogy that has been compiled up the the descendants reaching to Vines Collier's grandchildren, and I am now compiling the others and have been working on it for more than a year, and I have a voluminous amount on hand.

Trusting to have the pleasure of knowing you personally.

With sincere regards, I remain

Yours very truly,

JCC:S

J. C. COLLIER.
